

Doctor of Nursing Practice Program Outcomes

D.N.P. Program Outcomes

The D.N.P. program prepares competent, entry-level family nurse practitioners and experienced nurse practitioners who:

1. Practice independently in a variety of primary care health environments, translate best evidence into practice, employ a population focus, incorporate an integrative healthcare perspective, and collaborate with multiple disciplines with the goal of providing effective, comprehensive healthcare;
2. Demonstrate leadership in macro and micro healthcare system change and personal practice improvement; and
3. Proactively strive for social justice, actively address health disparities and function as culturally competent practitioners who relate effectively with diverse and underserved individuals, families and populations.
